Agentforce Vibes has already deployed the changes to your sandbox. Now open the org and confirm the leaderboard widget is live.

1. Open the sandbox org and refresh

Open your sandbox org in the browser and navigate to the **Learning Management** app. Refresh the page to see the Top Learners Leaderboard widget live on the dashboard.

> **Looking good**
>
> The Top Learners Leaderboard is now live in your sandbox, showing the top 5 students ranked by average progress. Next, you'll promote these changes to production using Change Management.
